

- ▶ **Slim and slender architectural line.**
- ▶ **From 3 to 8 m, in single or double lights.**
- ▶ **Accommodates 1 or 2 modules, up to 48 LEDs.**

With its slender rectangular section (200 x 100 mm) and its monobloc structure, Alturan is a graphic and design urban furniture element. Made of galvanized steel, with an IP66 optical unit protected by IK08 tempered glass, it measures from 3 to 8 meters. Its lighting arm, whose inclination can vary from 0 to 10°, accommodates 8 to 48 LEDs, depending on the height of the light, and offers a wide range of color temperatures and photometrics to meet the lighting needs of roadways and pedestrian areas, while ensuring compliance with regulations against light pollution.

ALTURAN

DESIGN | ALTURAN

*Regulation specific to France: Decree of 27/12/2018 relating to the prevention, reduction and limitation of light nuisance: product configuration to be defined according to the nature of the project.

LUMINAIRE'S SPECIFICATIONS

Luminaire's body & Electrical Housing

Materials

Galvanised steel

Optical unit & control gear

EVO2 LED module from 8 to 24 LED - From 1000 to 6900 lm - Up to 13800 lm with 2 LED modules (see EVO2 attached data sheet for details on power, light intensities and available photometries). Integrated smart driver (control, automatic adjustment, CLO, graduation via voltage variation or DALI). ULR 0% (ULR: Upward Light Ratio).

Materials	Tempered glass
Electric class	I and II
Protection index	IP66
Shock resistance	IK08

Operating temperature: -40°C to +35°C (up to +50° under conditions).

- Surge protector.
- Backlight control.
- NTC sensor.
- Presence detector.

Ecodesign

Luminaire designed in compliance with the environmental criteria of energy efficiency, recyclability and interoperability.

Associate member of the Zhaga consortium, Ragni integrates electronic elements in this product that comply with the Zhaga standard, which ensures its scalability and interoperability.

Member of the Global Compact since 2018, Ragni is committed to working towards the 17 Sustainable Development Goals (SDG 11, 12, 13, 15).

Luminaire guaranteed free of hazardous substances.

Luminaire eligible for the energy savings certificate.

Luminaire compliant with the decree of 27/12/2018 on the prevention, reduction and limitation of light pollution: product configuration to be defined according to the nature of the project.
