- ▶ **Symmetrical lighting.**
- ▶ **Available in 3 sizes.**
- ▶ **Bouquet arrangement for circular lighting.**

Made of aluminum, Kann is a light column with curved lines. The inclination of the upper part brings a certain flexibility to the whole design. Available in three sizes, it has a polycarbonate glass with IK10 anti-UV treatment and an optimal IP66 sealing degree. The optical unit is equipped with 16 LED and allows, via a wide range of color temperatures and photometries, to precisely meet the lighting needs of the project. Alone or in a bouquet, it offers a wide choice of colors for the body's column or the decorative rings.

KANN

BOLLARD'S SPECIFICATIONS

Bollard's body & control gear

	KANN 350	KANN 450	KANN 550
Height	3500 mm	4500 mm	5500 mm
Weight	38 kg	47.5 kg	57 kg
Materials	Aluminium		

16 LED module - From 1500 to 3700 lm (see attached Kann datasheet for details on power, light intensity and photometry available).
Integrated smart driver (control, automatic adjustment, CLO, graduation via voltage variation or DALI).

Materials	Anti-UV treated polycarbonate
Electric class	II
Protection index	IP66
Shock resistance	IK10

Operating temperature: -40°C to +35°C (up to +50° under conditions).

03/07/2023 - All informations are subject to change without notice.

Dimensions (mm)

Location	Concrete fondation size		Moments and loads at ground level		
	Sides (m)	Depth (m)	Shear force (daN)	Axial force (daN)	Bending moment (daN.m)
Metropolitan France	0.4 x 0.4	0.7	189	79	527
DOM / TOM	0.4 x 0.4	0.8	278	79	777

Rooted versions

Options

- Surge arrest.
- NTC sensor.
- Presence detector.

Ecodesign

Luminaire designed in compliance with the environmental criteria of energy efficiency, recyclability and interoperability.

Associate member of the Zhaga consortium, Ragni integrates electronic elements in this product that comply with the Zhaga standard, which ensures its scalability and interoperability.

Member of the Global Compact since 2018, Ragni is committed to working towards the 17 Sustainable Development Goals (SDG 11, 12, 13, 15).

Luminaire guaranteed free of hazardous substances.

Luminaire compliant with the decree of 27/12/2018 on the prevention, reduction and limitation of light pollution: product configuration to be defined according to the nature of the project.
